Dr. Mintie's Nephreticum.
Dr. Mintie's Nephreticum works wonders. In all cases of Dropsy, Bright's Disease, Kidney, Bladder and Urinary Complaints, or Retention of Urine, these troubles are entirely cured by the Nephreticum. Female Weakness, Gravel, Diabetes, pain in the back and loins are cured when all other medicines have failed.
See what the Druggists of Portland and San Francisco say about Dr. Mintie's Nephreticum and English Dandelion Pills:
"We have sold a large amount of Dr. Mintie's medicines; the English Dandelion Pills; also the Nephreticum, and in all cases they are highly spoken of and give entire satisfaction."
John A. Childs, Druggist, Second street, Portland.
C. H. Woodward & Co., Druggists, corner First and Alder street, Portland.
Messrs. Abrams & Carroll, wholesale, Druggists, Nos. 3 and 5 Front street, San Francisco, say:
"We regard Nephreticum as the best Kidney and Bladder Remedy before the public." All Druggists keep these medicines.
For all derangements of the Liver, Use Dr. Mintie's English Dandelion Pills.
For Biliousness and Dyspepsia, Use Dr. Mintie's English Dandelion Pills.
For Fever and Ague, Use Dr. Mintie's English Dandelion Pills.
Every family should keep the English Dandelion Pills on hand.
Dr. Mintie's Remedies will not "Cure all Complaints," but will, if taken according to directions, give immediate relief and perfect a cure in all troubles for which they are recommended.

AMERICA'S GREATNESS.

Special payment came so easily that the nation scarcely realizes that the happy day is really here. We were so used to seeing Canada, Australia, Mexico and every other scrub nation passing their paper above ours and so used to seeing values go down, down as our credit went up, dragging greenbacks up with it that we felt as if the screws were twisting too hard, and we had undertaken more than we were able, but the crisis is past and the change has proved a good one. An intelligent New Yorker writes as follows:

Last year witnessed in this country the end of a momentous struggle. Our expenditures during the four years of the rebellion amounted to over \$4,000,000,000. Those of the Confederates were nearly as large. Here was a war expenditure in four years unparalleled in history. The rebel debt was, of course, wiped out by the suppression of the rebellion. But the \$1,000,000,000 expended by the national government had to be met—every dollar. To make the situation more difficult, private debts through the issue of paper money and the rage for speculation, had become double what they would have been, had we been able to conduct the war on a specie basis.

Thirteen years ago, therefore, the problem presented to us for solution was to pay off a national debt, funded and floating, of \$4,000,000,000, reduce this premium of gold, which at one time was at 280, down to par, and to contract by payment and cancellation the government notes called greenbacks until the number outstanding should be nearly the same as the gold and silver in the national treasury.

This problem, to a nation not endowed with most extraordinary resources, and energy, and probity of character, would have been impossible, except at the end of a long term of years. But our people went at it with the same energy and will that enabled them to change a continent from a howling wilderness to a productive empire, and in place of Indian trails to construct 80,000 miles of railway, besides covering the country with a network of carriage roads and supplementing the many thousand miles of navigable rivers with equally navigable canals.

The Government began by levying a tax of \$500,000,000 per year, disbanded an army of a million of men reducing expenditures in every department and applying all its surplus to the payment of its debts. The nation submitted to a financial treatment so rigorous that it might well be called heroic. We paid taxes as no other nation ever did; our government economized as no other government ever did; our financial officers administered the finances with an honesty, faithfulness, efficiency and wisdom that seldom, if ever, characterized the financial officers of any other nation in like circumstances.

To-day we enjoy the results of this thirteen years of Spartan endurance and will. Our national debt is reduced to \$2,000,000,000; the public credit—which at the close of Buchanan's administration was so low that the government could not borrow even \$11,000,000 at lower rate than twelve per cent—can now obtain hundreds of millions at four per cent. The national treasury, which thirteen years ago was almost empty of silver and gold, to-day contains \$225,000,000—more than double the amount held by the British government and people in their great depository, the Bank of England, and fast approaching the amount held by the French government in the greatest depository of the world, the bank of France.

EDITORIAL NOTES.

One of the meanest and most despicable traits in a man's character is the one that leads him in a sneaking, underhanded way, to vent a personal spite, try to injure a man's property or depreciate its value. Many a mining camp has been deserted because when negotiations were in progress for the sale of a mine some enemy of the owner stabbed him and the community by secretly making malicious representations to the buyers. Our community is not free from men with minds so small, petty and narrow, who would not hesitate to injure the whole town to strike one single individual. If this was done openly it would not matter so much, but such men always do their work in the dark.

The Eureka Sentinel was rampant against railroad oppression during the session of the legislature, but when the railroad tries infamously to crush a citizen of its own town it finds no voice to denounce the outrage. Is it because Mr. Fisk is one of the owners of a rival newspaper that prevents the Sentinel from striking for the right? If there are two sides to the story let the Sentinel give both, but not maintain a cowardly silence.

Endeavors are being made to establish an "Alimentary Science Association" in this country. Its objects are to collect and disseminate information relative to the various articles of food, and to experiment as to their healthful qualities, and to report the character of such food as is known to be injurious. Any person will be admitted to membership by sending name and address to the secretary, Dr. J. H. Lovell, 224 Kaign's Point Avenue, Camden N. J.

Reno needs a code of laws very much, and we believe our present board is the one to give us a good one. They will find it necessary in some cases to go against private interests for the public safety. Very few places have such strong winds. Extraordinary precautions are necessary on this account. Stovepipes ought to be mercilessly slaughtered, especially on the west side of the town.

John Sherman's chances for the Presidency are rapidly improving. He stands to-day the foremost competitor of Grant for the nomination. Should he receive it the solid rank and file of the Republican party will rally to his standard with greater enthusiasm than they have ever done since Lincoln's election in '64.

To-morrow is the day that tells the story for California. People voting for the new constitution should remember that a majority carries it, while a two-thirds vote is necessary to amend. The Kearney mob say that if there are bad things in it, it can be amended, but that would be a very unsafe experiment.

A card will be found in our local columns to-day from district attorney Bowman in relation to an item in yesterday's GAZETTE. The item was taken from the minutes of the commissioners court and was just what they contained.

Sam Davis has resumed his connection with the Chronicle. The people of Virginia City lose a good chief of police and the Chronicle retains a first class reporter through Sam's defeat.

The Bodie Standard says Parole is the most distinguished citizen of Kentucky living. As Parole was bred at the Spring Hill stud farm, near Philadelphia, we fail to see the application.

The Ohio legislature refused to lower the flag in honor of John A. Dix, because he said, "If any man attempts to pull down the American flag, shoot him on the spot."

The Gazette's choice for President for 1880, John Sherman, begins to loom up. The New York Times and Sun speak of him with decided favor.

If you have a dog you had better notify him to raise three dollars. The new code is almost certain to contain a dog tax.

To-morrow will be a Waterloo for the San Francisco Chronicle, Truckee Republican and all such enemies of society.

JOTTINGS.

The gentle zephyr tarried with us to-day.

The sprinkling cart is out laying the dust.

Business is slack again at the justice mill.

More railroad iron went through yesterday and to-day.

There is a message at the Western Union telegraph office for John Tregloan.

The Reno market received two fine sycamore meat blocks from Oakland yesterday.

The delinquent assessment list of the Orr Ditch Co. will be found in another column.

The last two cold nights have injured the strawberry crop some. Fortunately the crop is only partially damaged.

Two carloads of hogs came in last night from Missouri. One carload was sent to Gold Hill this morning, and the other was unloaded here.

Pinniger & Queen have received an immense stock of perfumery and toilet articles direct from the east, which they are just opening out for the trade.

The examination of Lee Ching and Jee Ching, the two Chinamen arrested Saturday night for assault with a deadly weapon, was postponed until Tuesday the 13th.

The county commissioners have been devoting the afternoon session to reading and pondering on the proposed town ordinances. None had been passed upon at the time of going to press.

The Metropolitan.

The building on the corner of Commercial Row and Virginia street known as the Cooke's building, is rapidly approaching completion. C. H. Merrill has secured a lease of it and goes below to-night to purchase fixtures for it. He expects to get fixed up in it and in running order by the 25th inst. It is to be called the Metropolitan, and under the management of Mr. Merrill it will be one of the most popular resorts town. As has heretofore been the rule with Mr. Merrill, no chinamen will be employed about the place.

Another Runaway.

Another runaway took place to-day, and went banging through the streets at a fearful rate. The horses finally wrecked the wagon and ran off with the pole. This was the last seen of them. If the careless manner of handling teams here is not stopped, somebody will be surely killed or badly injured. These runaways are almost of daily occurrence, and it is a wonder that someone has not already been hurt.

The Truckee Excursionists.

The members of Amity lodge of Knights of Pythias returned from Truckee this morning in their special car. They represented themselves as having been the recipients of tip-top treatment at the hands of the Truckeeites. They were given a banquet at 11 o'clock last night and spent the remainder of the night in the work of outfitting the lodge. They came back tired and sleepy, but much pleased with their warm reception at Truckee.

THE FEES MUDDLE.

To be Settled Without the Expense of Litigation.

The following proposition has been presented to the board of county commissioners:

To the honorable board of commissioners of Washoe county.

WHEREAS, there are certain fees which have heretofore been charged by the county clerk and sheriff, and which have heretofore been allowed by your honorable body and audited by the county auditor to said officers as just and legal and which are now claimed by the present county officers aforesaid, and which the said grand jury consider of doubtful legality and have recommended to your honorable body to test the legality of the same. Now, therefore, we the undersigned, acquiescing in the suggestion of the grand jury and wishing to further their ideas and suggestions in relation to the same, and being desirous of avoiding expense to the county as well as to ourselves, make the

FOLLOWING PROPOSITION:

That an agreed case be made in the nature of an arbitration, and presented for decision to the supreme court of this state or to either of the judges thereof, or to the judge of any district court in this state as follows:

The district attorney shall specify the fees which he shall consider illegal or of doubtful legality, specifying specially and separately as nearly as practicable the grounds on which the illegality rests, and the said officer shall, in reply to the same, make a brief or statement of the grounds on which they claim and charge such fees and also add, in addition to the fees specified by the district attorney, any further fees of a doubtful nature which they may claim as

LEGAL OR ILLEGAL,

with the grounds on which they claim and charge the same, to which the district attorney may reply also in briefs or statements. The judge or judges to whom the same shall have been submitted shall then appoint a time and place for argument by both sides and the county officers and district attorney shall then and there be permitted to argue, each one for himself; no other legal counsel being permitted in the case. All argument to be made under rule of court and after said argument shall have been made, then shall the judge or judges decide as to the legality of said claim or claims, charge or charges, which decision shall be binding and shall be used as a basis of allowance of said fees in question.

W. A. WALKER, Sheriff.

MARK PARISH, Clerk.

JNO. S. BOWKER, J. P., Reno.

Reno, May 6th, 1879.

THE COMMISSIONERS AGREE.

The board took the proposition under consideration to-day, and ordered that said proposition be accepted, and that the agreed case in said proposition be made by the district attorney and county officers as therein indicated, and that the same be submitted to the supreme court of this state, provided it can be ascertained that said supreme court will hear and determine the matter immediately, if not, then to Hon. S. D. King, judge of the 2nd judicial district, for decision as soon as the same can be heard. The district attorney is ordered and directed to proceed in the matter immediately.

The Town of Reno.

The board of county commissioners yesterday ordered that: The meets and bounds of said incorporated town of Reno shall be more fully described, as follows: Beginning at the corner to sections 2, 8, 10, 11, in T 19 N R 19 E, and running thence east between 2 and 11 and 1 and 12, to the 1/4 corner between 1 and 12 thence south through the middle of section 12 and 13 to the center of section 13, thence west through the middle of sections 13 and 14 to the 1/4 corner between 13 and 15, thence north between 14 and 15 and 10 and 11 to the place of beginning. Containing within said above described boundaries, the whole of section 11, the west 1/4 of section 12, the NW 1/4 of section 13 and the north 1/2 of section 14, T 19 N R. 10 E.

Personal.

Ed. Raum, sheriff of White Pine county, arrived from Hamilton last night with the notorious Frank Clifford and another prisoner, whom he was taking to the state prison. Clifford was sentenced to seven years imprisonment when he was first convicted, but was granted a new trial by the supreme court. He was again convicted and sentenced to eleven years. Sheriff Raum was accompanied by James Hagar. The party left for Carson this morning.

Going to be a Success.

The military scheme is progressing finely. Nearly forty names have been signed to the roll, and it is expected that the number can be increased to sixty in two or three days. As soon as enough names have been obtained a meeting will be called and organization perfected. The project seems to be favorably received, and everybody speaks encouragingly of it.

The North End.

Tate Frank reports good crop prospects for Winnemucca valley. He has in a hundred acres of grain. His barley is not looking as well as his wheat and both need a little more rain. There is not an inch of irrigating water on his grain. He has an alfalfa field, however, with ditches from Winnemucca creek on it.

I. O. G. T.

All members of Fidelity lodge of I. O. G. T. are requested to meet at their hall at 7:30, this evening, to receive Dr. D. Banks McKenzie. H. C. SHRETS, W. C. T.

To the Public.

EDITOR GAZETTE:—In your issue of yesterday, under the head of County Fathers, I find the following:

Upon recommendation of district attorney Bowman, T. K. Hymers, chairman of the board, was authorized to consult with legal counsel in the matter of fees collected by ex-officers of the county, which the grand jury reported as being illegal.

In as much as the above places me in a false position, I desire to say that the action of the board authorizing Mr. Hymers to consult with other counsel was not taken at my suggestion. The board asked my opinion with regard to certain legal questions involved in the matter of charging and collecting illegal fees, which I gave them. It was then suggested by one of the board that before taking final action in the premises it would probably be well to take other counsel, to which I replied that I had no objection to the board taking such counsel as in their judgment was necessary. I never have, neither do I propose to, dictate to the board what they ought or ought not to do, but when they ask my opinion upon a point of law I give it to the best of my ability, and leave them to take such action as their judgment may dictate. JOHN BOWMAN.

Reno, May 6th, 1879.

Subscribers Take Notice.

The subscription price of the GAZETTE, delivered by carrier, is only twenty-five cents per week. The carrier gets a commission; but the proprietors of the GAZETTE have to be secured in full every week. If the subscribers do not pay regular every week, it will readily be seen that the carrier's profits are always kept on the books. Therefore the rule has been established and will be strictly observed in every instance, that the subscription price will not be allowed to run over two weeks. All delinquent subscribers must come to the front next Monday, May 12th.

A Brutal Practice.

The practice of beating horses over the head is frequently indulged in here in Reno, and it should be stopped. It is both cruel and senseless, and is productive of neither good nor satisfaction. To see a man hammer a poor animal over the head, as has been done several times lately, is enough to make a person's blood boil with indignation at such brutality. Anywhere else but in Nevada men guilty of such acts would be taken up and fined, and they ought to be here. A little finesse and then would have a salutary effect toward checking the brutal instincts of horse beaters.

Another in the Field.

Johnny Myers has returned from San Francisco, where he has been laying in a stock of drugs. He has leased the store next door to the White House, and will open out about the 15th. His stock of drugs, chemicals and perfumery is extensive and has been selected with care. As Mr. Myers is a practical druggist and has many friends he will doubtless do well.

The Reform Club.

The first meeting of the Reform club will take place to-morrow evening at the pavilion. Steps will be taken then to perfect an organization, and it is hoped that something practical may be inaugurated.

PERSONAL.

W. L. Needham is manufacturing 60 mattresses for the state orphan's home.

Thomas Barnett goes below to-night for the purpose of laying in an extensive stock of clothing, boots, shoes and furnishing goods.

Isaac Barnett takes his departure for the Bay this evening. While absent he will purchase a full line of dry and ladies' fancy goods for the spring and summer trade.

M. Ayers, of San Francisco, will be in Reno in a few days for the purpose of testing some of our ores. He has reduction works for base ores in Sacramento. His process is new and said to be very successful.

Charley Gilchrist and his bride returned from their bridal tour last Thursday. To-day he showed up in the GAZETTE office, and by his genial good humor put to flight the hard feelings his sudden taking off engendered.

Shooting Affair at Paradise.

[Silver State.]

Deputy Sheriff Morse, W. R. Adams and C. M. Riddle arrived here this morning from Paradise with Charley Hymers, who was arrested for shooting T. K. West at that place last night.

During the performance of the Henri Burlesque company the house was crowded and Hymers sat in the lap. West requested him to get up which he refused to do. Hot words passed between them and Hymers struck West with a six-shooter. West put his handkerchief on his bleeding head and left the hall. Hymers followed him and at the door West turned around and spoke to Hymers. West was said to not know, but Hymers fired and shot West in the groin. Dr. Powell examined the wound and pronounced it fatal. This caused the greatest excitement and the crowd threatened to lynch Hymers, and would have put their threats into execution had it not been for the prompt action of the deputy sheriff, who, with the assistance of Adams and Riddle got him away in a buggy.

West is known as a peaceable and industrious man. Hymers is a young man about 23 years of age, who is unfortunately ambitious to acquire the reputation of a fighter.

Guard Against Fire.

Parties building houses would do well to consider about protection against fire. It is to their interest, as well as to that of the whole community that they protect their houses from combustion by every precaution possible. Paint has a great deal to do with a house burning at times. Ordinary paints rather invite the flames than repel them. It is then a matter of economy and safety that houses be coated with fireproof paint. Putting such paint on the roofs of houses is a sort of insurance against fire, and as it is of little cost people should take advantage of it.

The Lecture Last Night.

Dr. D. Banks McKenzie delivered his interesting and instructive lecture on the life and labors of Father Mathew to a large and appreciative audience at the pavilion last night. The speaker handled his theme well, and elicited frequent and hearty outbursts of applause. This is the doctor's last lecture in Reno, as he intends taking his departure for the east immediately.

The Virginia City Election.

[Enterprise.]

The city election passed off very quietly yesterday. There were no fights or rows of any kind at any of the polling places. At 1 o'clock this morning it was conceded that Young was elected Mayor, Walker Chief of Police, Mahanny Tax Collector and Robertson Assessor, but in some of these there may occur changes, as the count will not be completed in all the wards until about noon to-day.

To the Good People of Reno.

Having entered the field with the balance to contend for a share of the public patronage, it would perhaps be well at the start to state our claims to the above. I am not a sufferer by the fire, so claim no sympathy on that score. I believe it's the duty of the good people to give preference to old residents, provided all things are equal, but if I prove a fifty cents for what Smith's is willing to sell for twenty-five, on the grounds that he is loser by the fire and wants to get even, the trade will naturally go to the latter. Hence I say we have no claim on the people except on those who may wish to economize. If you wish to buy your wife a fine silk dress at all means go to Enrich. If you want a suit of fine clothes go to friend Nathan's or Abrams', but if you want a "goose yoke," rat trap or jack knife go to Yankee Dodge's, where a dollar will buy a basketful. Recollect goods just as square as though sold over a marble counter. A child that can lip out the names of the articles wanted, can buy just as cheap as an expert.
P. S.—Money will be refunded on all goods that do not prove as represented.
